***Herd Name Assignment Protocol: A Herd Name that is totally inclusive of or sounds the same as another registered Herd Name will not be allowed. Punctuation marks alone will not be considered as an adequate change in this regard. A single word herd name will not be allowed if it is a commonly used word in everyday English language unless it is the applicant's name. It is TMGR's policy to make every effort to avoid duplications in both herd name and tattoo prefix whenever possible.***
